Compliance Systems and IBT Apps Announce Joint Solution

Grand Rapids, MI – June 3, 2021 – IBT Apps, a leading-edge provider of adaptable core banking software, has partnered with Compliance Systems to offer community banks a scalable deposit solution within their i2Suite® platform that maximizes profitability, helps attract new balances, and supports customer retention.

The joint solution leverages the highly configurable document solution from Compliance Systems with the premier i2Suite® platform from IBT Apps to support digital banking, integrated customer relationship management, and powerful compliance content control while increasing productivity and reducing operating costs.

“At IBT Apps, our products are built with a variety of tools and resources to ensure all of our applications are developed to meet the banking and financial services industry compliance standards,” says Mark Dittman, CEO of IBT Apps. This includes working with technology partners who share the same passion in equipping community bankers with solutions that propel them forward in the industry and help them maintain compliance. “We are thrilled to partner with Compliance Systems to deliver a powerful offering that safeguards banks from risk when fulfilling deposit and IRA transactions,” says Dittman.

“IBT Apps sees itself as a partner with their financial institution clients and we view ourselves the same way,” said Chris Appie, President of Compliance Systems. “We take our product development cue from our clients to align our compliance technology with their business objectives. And we know that IBT Apps shares this approach. It gives us confidence that our combined solution has the depth and flexibility to adapt to evolving demands and keep our clients competitive.”
